April 19, 1950

Mr. Tony Schulte
WYBC
242-A Yale Station
New Haven, Conn.

Dear Tony:

This is a rather late thank you for your invitation extended to us to present an evening's broadcast on Friday, May 5. We accept with pleasure, and are in the midst of making necessary arrangements. There are a few questions that have arisen, and we would appreciate your helping us out.

Exactly what are the hours that we are expected to broadcast? Due to college regulations, it might be necessary for us to return home the same night, therefore limiting our time on the air. However, if we do have permission for an overnight, we'll notify you as to the number of girls requiring accommodations. Also, will our technical staff be able to oriente themselves quickly enough to your control board, or do you advise WYBC handling the equipment?

As soon as time arrangements are made, we will send you a production schedule along with any other details you may wish.

Very sincerely yours,

Selma Pierson
Station Manager
